

NATIONAL POOL TRENDS™

NATURAL QUARTZ POOL FINISH

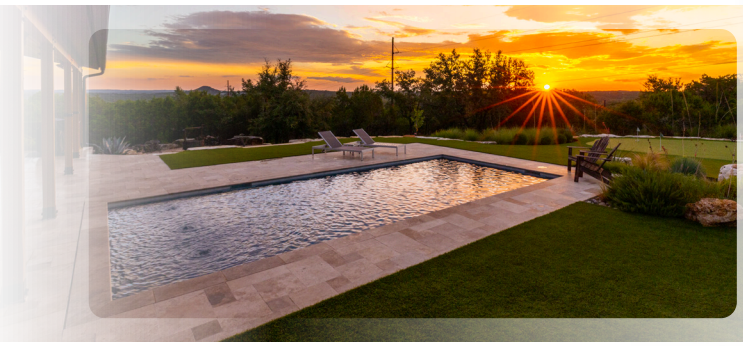

DID YOU HEAR?

NATIONAL POOL TILE IS NOW
NATIONAL POOL TRENDS,
AND IT'S ABOUT TO CHANGE THE GAME!

Our new name reflects the evolution of NPT® into a lifestyle brand - one that connects with homeowners and gives builders a brand they're proud to represent.

Today, NPT® offers everything needed to create the complete backyard
- from tile and pool finishes to hardscapes, lighting and accessories.

What started with pool tile has grown into so much more.
We're setting the **trends** that define outdoor living.

QuartzScapes
Regular Super Blue

The secret to having

Beautiful Pool Water

is selecting the right interior pool finish for you.

With QuartzScapes surface systems, you're not just choosing a desirable look. These scientifically formulated systems deliver consistent color with delightful textures that feel good to your hands and feet.

Thanks to our select crushed quartz and specialty aggregates, QuartzScapes finishes feel as great as they look—elevating your backyard for a new trend in living.

Need help making a decision?

Connect with your builder to view other pools in your area and various NPT products--including Finish, Tile, and Surfaces for your entire poolscape.

Deep Dark Green
| Black Pool Finishes = Deep Dark Green Watercolor |

First, Decide...

whether you would like the water in your pool to appear blue or green.

For water that looks primarily blue,

select a finish with white, blue or gray pigment.

For water that appears green,

look for green, tan, brown or black pigment.

Achieve
DEEP, RICH WATER COLOR.

The Darker Your Finish,

the darker your pool water will be.

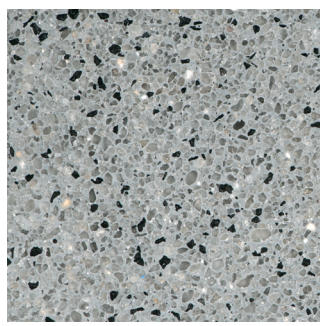

The deeper the water, the darker it will appear.

Water will seem lighter in shallower areas like steps, ledges, benches, and beach entries where the finish itself is more visible.

Mirror

YOUR SURROUNDINGS.

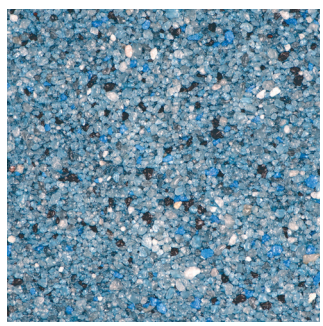

Since Your Pool Water will mirror its surroundings, many other factors will impact water color.

- The design, shape, and depth of your pool
- The time of day and position of the sun
- Whether the sky is sunny, stormy, or overcast
- Your region of the country
- The chemistry of your water
- Landscaping, trees, bushes, and other foliage
- Colors in your home's exterior
